

ARTIC

Bicottura tradizionale e gres porcellanato italiano.
Traditional double fired and Italian porcelan tile.

Le atmosfere terse del paesaggio nordico, il suo monocromatismo fatto di bianco puro e infinito caratterizzato da pochi segni formali, dal grigio tenue al nero antracite ha ispirato questa collezione. I colori e i decori che la definiscono derivano da una stessa matrice estetica radicata nella cultura e nelle suggestioni delle favole del nord. Il richiamo alla preziosità del cristallo di neve alla purezza del ghiaccio e al mistero del paesaggio senza confini

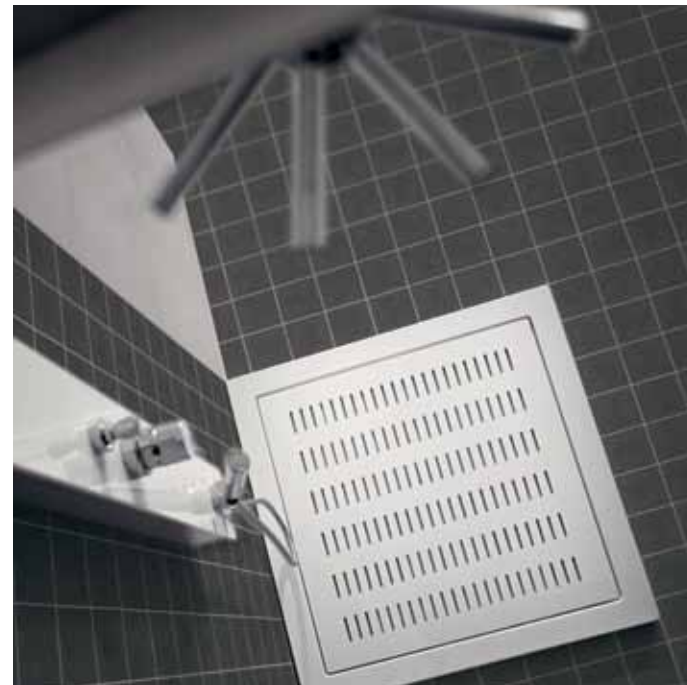

The crisp, sharp atmospheres of the nordic landscapes, from the monochromatism of its pure white, stark against the infinite, with its few essential, formal markings, through the pale gray, to the black charcoal, is what inspired the "Arctic Collection". The colors, as well as the decors that characterize this line are born of the same aesthetic taste so deeply rooted in the culture that inspired so many suggestive ancient nordic legends. Reminiscent of the purity of the icy crystals and of the mystery of the boundless, infinite northern horizon.

Les atmosphères tertiaires du paysage nordique, son monochromatisme fait d'un blanc pur et infini caractérisé par quelques signes formels, du gris pâle au noir anthracite a inspiré cette collection. Les couleurs e les décors qui la définissent dérivent d'une même matrice esthétique enracinée dans la culture e dans les suggestions des histoires nordique. Le rappel de la préciosité du cristal de neige à la pureté de la glace et au mystère du paysage sans frontière.

Diese Kollektion inspiriert sich an der hellen Atmosphären aus dem nordischen Landschaften, seine einzige Farbe aus reinem und endlosen Weiss, mit weniger formellen Zeichen von hellgrau bis Schwarzanthrazit. Die Farbe und die Dekore gehören zu der gleichen ästhetisch Herkunft, die aus der nordischen Märchen Kultur und Beeinflussung herkommt. Der Verweis auf der Preziosität des Schneekristalls, der Eisreinheit und dem Geheimnis endlosen Landschaften.
